FORMAT & RULES

1. All 19 players tee off the 1st tee from the blue markers at 10 am.
2. The player with the winning competition points has the honour, followed by the others in descending qualified order. After the first hole, tee starts are based on ready golf.
3. The Alternate Stroke and Distance Rule does not apply to this competition.
4. All players must putt out. There are no gimmes.
5. On putting out, call out your net score.
6. Play safe ready golf.
7. The player with the highest net score gets dropped off at each hole.
8. Once a player knows their net score is not the highest, they may proceed to the next tee, tee off, and wait for the others to tee off.

PLAY-OFFS

- At each hole, if there is a tie, the marshal will advise whether it is a chipping or putting play-off. Furthest from the hole drops off.
- The play-off is controlled by a competition marshal. Ball markers on the green must be a colour not easily noticed by those in the play-off.
- While a player is putting, chipping or marking, the others are to have their backs turned.
- A tie on the last hole results in a play-off from the 18th tee until a winner emerges. This is the only hole where a chipping or putting play-off will NOT occur.
