### KNOW YOUR GOLF RULES

**Today's Topic:** Match Play - this is a match between only two players and some rules are different to stroke play. *Here are 6 important rules that may help players during the 2026 Club Match Play Championships on 14 June.*

1. Putt conceded/ball not holed (Rules 3 and 9): in stroke play, strokes cannot be conceded. In match play the player can concede that the opponent has holed out with their next stroke. Conceded shots can neither be refused nor withdrawn. If the player who has been given the hole plays it to the end anyway, the result is not affected.
2. If a rule has been breached, both players can agree to act on it or ignore it. However prior to the match both players cannot agree to not act on a rule where penalties are involved. If they do so, then both will be disqualified (Rule 3.2d)
3. Playing in the wrong order (Rule 6.4a(2)): no penalty, however the opponent may immediately require the player to cancel the stroke and replay it in the correct order.
4. Playing from outside the teeing area (Rule 6.1b): no penalty, however the opponent may immediately require the player to cancel and replay the stroke from within the teeing area.
5. Whilst putting on the green your ball hits another ball also on the green (Rule 11.1a): In stroke play there is a 2 stroke penalty but in match play there is no penalty and the moved ball must be put back.
6. Practice on the course prior to a match (Rule 5.2): on the same day a player can play either a stroke play or match play round prior to their match. However this cannot be done for playing a stroke play competition round - read Rule 5.2.
