TUESDAY MIXED HAGGLE NEW TIME

Normally on a Tuesday the women tee-off at 8.30am and the men at 10am except for the first Tuesday of each month at 10am where the women are invited to compete in the haggle. In order to attract more women to play in the monthly mixed haggle, a new start time of 9am for 9.30am will be trialled on 2 Apr and 7 May. The start time will be 10am for all other men only Tuesday haggles.

ANZAC DAY TOURNAMENT

The annual ANZAC Day Tournament is again to be held on 25 Apr, this time on a Thursday. A Start Sheet will be held at the Golf Shop so that players can start at their desired tee block. A short ceremony to remember the fallen will be held prior to players departing for their start locations. Poppies will be available at the Golf Shop two weeks prior to ANZAC Day and all those attending the tournament are welcome to wear medals for the ceremony. See the poster next page.

COURSE PROJECTS

Many of you will notice some construction work around the course being done over the last year or so. Here is an update to what is being done and what we are trying to achieve.

15th Blue tee - This tee had a big slip behind it from cyclone Gabriel which has been fixed and the tee has been rebuilt and should be back in play soon

New 19th (spare) hole- We are constructing a new hole between the 11th and 12th holes. The club has plans to do lots of construction on the course, this may include rebuilding greens and resurfacing fairways which will require complete holes to be temporarily closed so the 19th hole will be brought into play when needed but will not be a permanent hole.

Couch grass trial- Some of you may have noticed a GUR area between the 4th and 5th fairway that we have been growing some grass. The purpose of this is to establish a grass we want to use on our fairways, we have narrowed it down to the two types growing in this area (both couch grass or as the Americans call it Bermuda grass)

Paths- There is a plan in place to upgrade the paths on the golf course to concrete so there is not as much damage and maintenance after all the storms we get.
